BS EN 140-8: Part 8: 1998 24dB BS EN 140-8 Part 8: 1998 39dB

BREEAM A and A+ ratings across full product range. For specific rating, please refer to www.breeam.co.uk Recommended Lavouts*

Monolithic

Random

Alternate tiles Alternate rows rotated 180° rotated 180

Large Quarter Turn

*All tiles within this design are unique and any linear aspects may not match from one tile to the next

Environmental Profiles Scheme

Certificate Number FM01440 BS EN ISO 9001:2008

Statement on level of emission of volatile substances in indoor air posing a toxic threat during inhaling - on a scale from A+ (very low-emission) to C (high-emission)

environmental information

- Burmatex products achieve either A or A+ across all the BREEAM defined building applications
- · Burmatex products qualify for SKA as they achieve one or more requested criteria
- · All Burmatex carpet/carpet tile ranges are made at its two UK manufacturing sites · Wherever possible, raw materials are sourced from local suppliers i.e. within 20 miles
- Over 60% of all Burmatex yarn/fibre used is sourced locally
- Over 75% of Burmatex Accummen[™] backing comes from recycled materials
- · Continuous assessment and improvement of manufacturing process to minimise use of raw materials/power
- · All manufacturing waste is recycled and all electricity used is from renewable resources
- · All Burmatex products are heavy contract with a 10 year guarantee for maximum useful life
- Certified, Class A+: very-low VOC Emission

LEED® v4 - Burmatex products can contribute towards satisfying the following credits for LEED NC-v4/CI-v4 MRc2/MRc3 (Building product disclosure and optimization environmental product declarations), MRc3/MRc4 (Building product disclosure and optimization - sourcing of raw materials), EQc1 (Enhanced indoor air quality strategies), EQc2 (Low-emitting materials), EQc6 (Interior lighting - Option 2. Lighting quality (E - H)) and EQc9 (Acoustic Performance), Products are not reviewed under LEED. LEED credit requirements cover the performance of materials in aggregate, not the performance of individual products or brands. For more information on LEED, visit
