

Maintenance kit - hardwax parquet

THE MAINTENANCE KIT CONSISTS OF:

1 liter Osmo Wash and Care | 1 liter Osmo Liquid Wax Cleaner

Available in Natural and White.

1. TAKE SOME PRECAUTIONS

1. Clean the floor regularly with a vacuum cleaner or soft broom; particles of dirt and grit that are left behind can damage the surface of the floor.
2. Remove stains immediately with a well-wrung cloth. Worn-in stains are difficult to remove.
3. Never use too much water when mopping; instead use a well-wrung floor cloth.
4. Never clean the floor with pure water; always use a product for the maintenance of oiled parquet.
5. Do not use traditional cleaning products.
6. Place doormats at exterior doors.
7. Place beige, felt floor protectors under chair and table legs; do not use coloured floor protectors!
8. Avoid wearing damaged or worn stiletto heels.
9. Place a protective mat under chairs with wheels.
10. Place a protective dish under flowerpots.
11. Do not drag heavy objects across the floor; lift them up to avoid scratches.
12. Be careful with open windows - a rain shower can damage the floor.

2. FIRST TREATMENT AFTER INSTALLATION

Osmo Liquid Wax Cleaner is specially designed for initial cleaning and the regular refreshing of your floor.

1. Shake the container carefully. The floor must be free from dust before treatment.
2. Apply with a cloth a thin layer of Liquid Wax Cleaner on the dry clean floor. Use 2 teaspoons per 1m². One can is enough for 80-100m².
3. Remove excess maintenance wax with a cloth, if there was too much wax applied, this will form a greasy layer.
4. Leave the floor to dry after application of the product.

These maintenance recommendations apply to the following collections:
Imperial, Pavillion

Maintenance kit - hardwax parquet

THE MAINTENANCE KIT CONSISTS OF:

1 liter Osmo Wash and Care | 1 liter Osmo Liquid Wax Cleaner

Available in Natural and White.

3. REGULAR MAINTENANCE WITH OSMO WASH & CARE

Osmo Wash & Care is specially designed for the maintenance of wooden surfaces treated with Osmo Hardwax Oil.

1. The floor must be free from dust before treatment. Shake the container carefully.
2. Add 1 cap of Wash & Care per liter water.
3. Treat with a light wrung floor cloth or mop lengthwise of the floor. Osmo Wash & Care doesn't form a film on the surface and can be used as often as necessary without leaving residues.
4. If necessary clean with a dry cloth to prevent water penetrating into joints our floor boards. Leave the floor to dry before use.

4. ANNUAL MAINTENANCE WITH OSMO LIQUID WAX CLEANER

Osmo Liquid Wax Cleaner is specially designed for initial cleaning and the regular refreshing of your floor.

1. Shake the container carefully. The floor must be free from dust before treatment.
2. Apply with a cloth a thin layer of Liquid Wax Cleaner on the dry clean floor. Use 2 teaspoons per 1m². One can is enough for 80-100m².
3. Remove excess maintenance wax with a cloth, if there was too much wax applied, this will form a greasy layer.
4. Leave the floor to dry after application of the product.
